

# Checking marketplace's landing information

Customers can also check the information provided on the website's home page.

The main navigation provides access to dedicated sections for customers, providers, the marketplace, and the company blog. The primary call-to-action buttons allow users to start either a customer journey or a provider onboarding journey, guiding them toward the most relevant platform experience.

The screenshot shows the DOME marketplace landing page. The header features the DOME logo (Distributed Open Marketplace for Europe) on the left, and navigation links for 'For Customers', 'For Providers', 'Marketplace', and 'Blog' in the center. A shopping cart icon and a language selector 'EN' are on the right. The main content area has a dark blue background with the headline 'The Trusted European Ecosystem for Cloud, Edge & AI Services'. Below the headline is the tagline 'Connecting providers and customers to discover, deliver and scale sovereign digital services across Europe.' Two call-to-action buttons are present: 'Start your customer journey' and 'Start your provider journey'. At the bottom, there is a row of partner logos: inno focus, orange Business, PORTTEL LOGISTIC TECHNOLOGIES, TEAMDEV, and ELIoT\_CLOUD.

The next thing on the Home page allows users to explore verified services available on the DOME marketplace. Services are presented in a carousel format, displaying key information such as the service name, description, and preview image. Users can navigate through the catalog using the carousel controls, access the complete catalog via the “Browse full catalog” link, or open individual service pages through the “View service” button to learn more about a specific offering.
