Barion API key guide

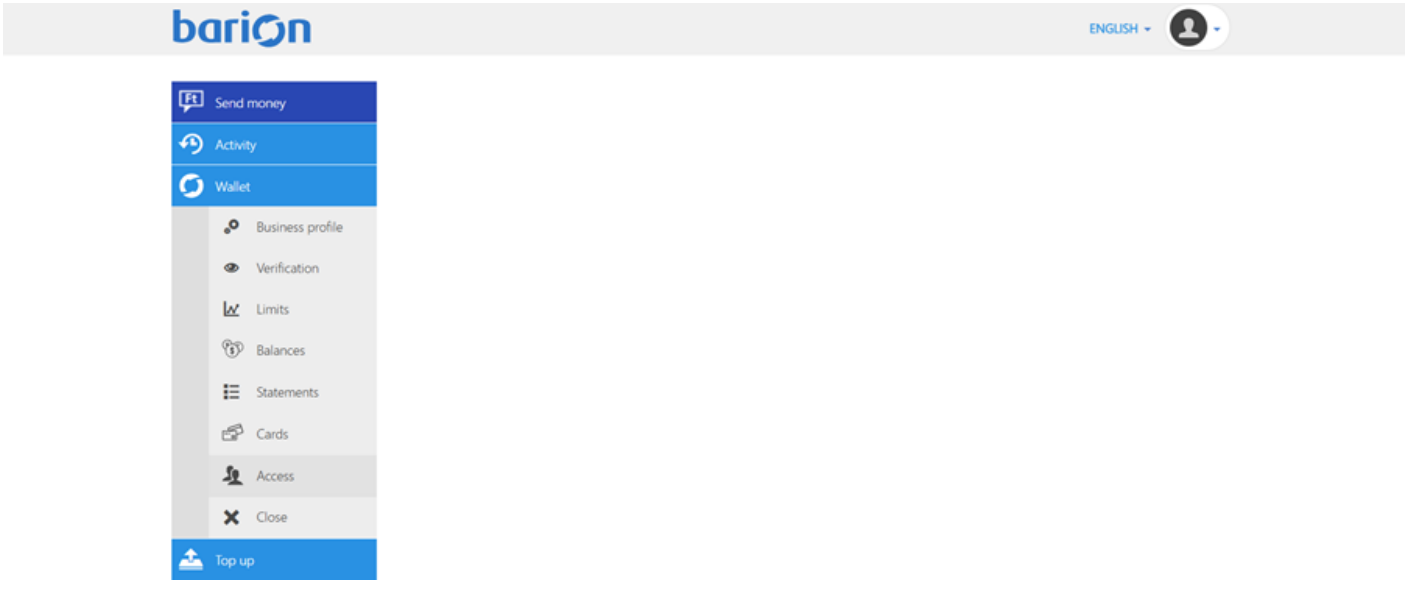

How to Locate Your Barion API Keys

Step 1: Log In to the Barion Dashboard

Go to https://secure.barion.com and sign in with your merchant credentials.

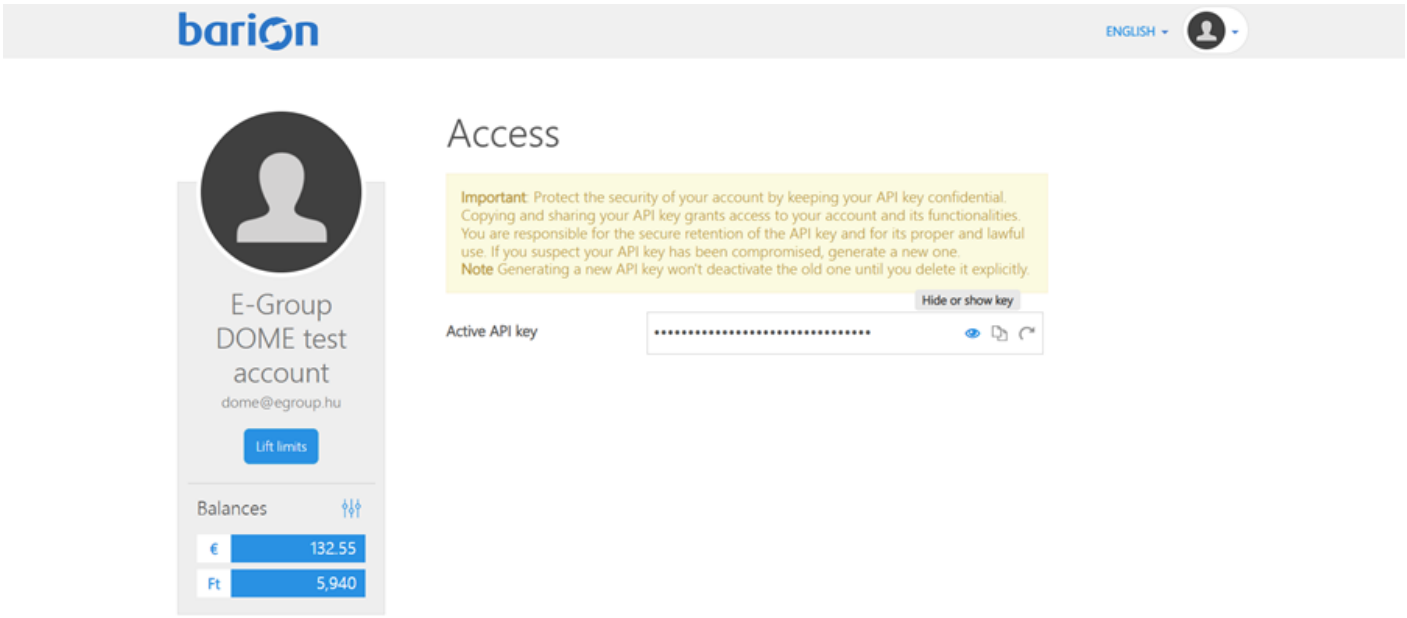

Step 2: Go to the 'Wallet - Access' Section

Once you're logged in:
1. Click on 'Wallet' in the left-hand sidebar.
2. Then click on 'Access'.

Step 3: View Your API Keys

In the Access section, you will see your Active API Key.
To reveal the Active API Key, click on 'Hide or show key'.

Security Tips

- Never expose your secret key in client-side code (like HTML or JavaScript).
- Use environment variables to store keys securely.
- If a key is compromised, rotate it immediately via the dashboard.
