

How to create a Quote

To create, request a Quote, the process is the following

First, look for the product of your choice that displays the button "Create Quote" or "Request a Quote"

This button is present both in the grid list when viewing multiple offerings, or inside the Details of the single offering

Request Quote X

Request for Product:
DynFi Firewall

Provider:
OUTSCALE

Message / Requirements *

Please describe your requirements or any specific questions about this product..

Please provide as much detail as possible to help us prepare an accurate quote.

Request Date *

gg/mm/aaaa

Cancel Send Request

After clicking the button, a window will open that will let you write inside a box. In this box you **must write the details of your request and add the date where you expect the provider to provide an answer to your request**

Once you are done, click the button "Send Request"

This creates a quote, with you as the customer, and the owner of the product as the Provider.
The created quote is then viewable from the quote Dashboard
